

Education

- 2024–Present **Double Bachelor's Degree in Mathematics and Physics (LDD MPSI)**, *Université Paris-Saclay*, Paris, France
Expected graduation: 2027
- 2024–Present **Electrical and Computer Engineering**, *National Technical University of Athens*, Greece
Qualified through the Panhellenic national exams and formally enrolled. Not attending courses due to studies abroad.

Research and Academic Experience

- Summer 2025 **Research Internship**, *University of Ioannina, Department of Physics*, Ioannina, Greece
Topic: Dark Energy and Modified Gravity - Supervisor: Prof. Leandros Perivolaropoulos
- May 2025 **Group Project**, *Université Paris-Saclay*, Paris, France
Topic: Terahertz Imaging and its applications in Physics. Developed Python-based simulations and produced a video presentation.
- July 2023 **Summer Internship**, *École Normale Supérieure de Lyon, Department of Physics*, Lyon, France
Topic: Introduction to Theoretical Physics and Biophysics

Skills

- Languages Greek (native), English (C2), French (C1)
- Programming C++, Python, Bash, LaTeX
- Languages

Awards and Qualifications

- 2024 Recipient of the Eurobank '*Forward for Education*' monetary award, granted for academic excellence in the Panhellenic national entrance examinations.
- 2024 Qualified for the final (third) round of the National Mathematics Olympiad.
- 2023 Second Award in the National Physics Olympiad.
- 2023 Qualified for the final (third) round of the National Mathematics Olympiad.

Conferences and Presentations

- Spring 2025 Participant in the EUGLOH Intercultural Communication Project, Université Paris-Saclay
- July 2024 Participant in the *Youth Entrepreneurship Summer Program (YES)*, Athens University of Economics and Business
- November 2023 Participant in the Euroscola Programme, European Parliament, Strasbourg, France
- June 2023–2024 Participant in the Summer School and Workshops organized by the Hellenic Physical Society, Aegina, Greece

Extracurricular Activities

- 2023/24 - Member of the Greek national team at the preparation for *International Young Physicists' Tournament (IYPT)*. Collaborated on solving and defending original research problems in theoretical and experimental physics.
- 2020–2024 Member of the Greek National Endurance Skiing/Biathlon Team. Two-time national champion and participant in international competitions such as the International Biathlon's Union Junior Cup.
- 2013–Present Amateur chess player with participation in national and regional competitions.
